## DETAILED FRONT VIEW

## DESCRIPTION

These trousers provide protection against the elements. They provide protection against rain, snow, fog and ground moisture. Their microporous PU coating makes them breathable and comfortable to wear. Large side zips for easy dressing. Reflective stripes down the legs and abrasion-proof reinforcements at the knees make these trousers a safe ally for outdoor work.

## COMPOSITION

**Main fabric:** PU-coated 300D polyester 190g/m<sup>2</sup>.

**Reinforcement:** 100% polyester 750D fabric 298g/m<sup>2</sup>.

## CARE

Wash at 40°, air dry, do not iron.

Non-contractual document and photos.

## WEIGHT & PACKAGING

**Weight size M:** 660 g. 20 pcs per pack.  
Sub-packaging: 1 pair.

## STANDARD EN 343:2019

Protection against rain. The standard refers to 3 essential characteristics:  
**X** Resistance to water penetration.  
**Y** Water vapour resistance.  
**Z** indicates whether the garment has been tested in a rain simulator (classification R tested and X not tested).
